## MEMBER BIO: Bobbie Burrs

New Member of CVCS since April, 2022

First of all, I want to thank everyone for such a warm welcome when I joined in April! You could not have been nicer and more welcoming! I was SO happy to see someone I recognized from a knitting group of many years back in DeWitt, **Jayshri**! Thank you, Jayshri, for the fabulous job you did joining the blocks together for the Raffle Quilt!

My first introduction to CVCS was prior to the pandemic when I was attending a small local knitting group in Sherburne at the Mill Artisan shop owned by Jane Hough. It was there that I met Kirsten, Catherine, and Roxanne! At the time, spinning was not on my radar, not even close, having grown up in Westchester, far from any spinning-related activities, Fiber Festivals, farms with sheep, alpaca, etc.

Fast forward to moving to Norwich in 2013 (after legal separation) to be near my younger sister and her husband and our parents who were in their 80's and lived to be 90 and 91! I was into quilting (started 40 years ago when my first son was born) but didn't start knitting as a hobby until about six years ago. Then I happened on the Mill Artisan group. After watching Kirsten **spin fiber into yarn**, I thought it was **beyond magical** and considered learning how to spin. It looked fascinating and almost mesmerizing. Then the pandemic hit, and, like so many other people, I was content to stay home and kept busy sewing, quilting, and knitting. I'm never bored! I even taught myself how to crochet on YouTube. Kirsten called me in January of this year to catch up and invited me to one of the meetings and suggested the April one, where there would be a woman, Joan Hastings, who was going to show the group angora rabbits! Mind you, I had no idea what a "halo" was prior to this. What a fabulous presentation!

My favorite item I enjoy knitting is socks! I displayed a couple of pairs at the Fiber Festival in Bouckville, where I LOVED all the exhibits, YARN, and even had a little drop spindle lesson, which was amazing.

Let's see....I learned how to knit, along with my twin sister, from our mom when we were eight! She taught us the basics, a scarf out of variegated-yarn, and years later, I took it up again and remembered everything she had taught us. Thanks to YouTube, I learned how to knit socks, of which I am most proud. I love trying different types of heels/toes using fabulous hand-spun yarn, either fingering weight or DK, which I have bought online and at last year's Rhinebeck Festival.

In addition to my hobbies, I enjoy traveling with my husband, Gerrard, of almost five years and live in an 1874 farmhouse on about 150 acres, where my husband actually grew up (it was a dairy farm) and never married until he found me at a Weight Watchers' group in Norwich. We met in 2014, started dating in 2015, and married in 2017. He says he was picky. LOL!

ONE DAY I'll be spinning **my own fiber into yarn**, thanks to the encouragement of this wonderful guild! It is truly magical, and I am SO looking forward to the world of SPINNING! Did someone say weaving too???
